NOTICE OF AFFIRMATIVE PRELIMINARY DETERMINATION

KINGSTON, JAMAICA
FEBRUARY 04, 2002

REF. NO. AD-01-2001

In Respect of the Dumping in Jamaica of Certain Inorganic Fertilizers Originating in or Exported from the Dominican Republic

On November 05, 2001, the Commission initiated an investigation pursuant to section 22, of the Customs Duties (Dumping and Subsidies) Act, 1999 (hereinafter known as "the Act") in respect of the above. The investigation was initiated in response to a complaint filed by Antilles Chemical Company LLC of Kingston, Jamaica.

The Commission has made an affirmative Preliminary Determination pursuant to section 27 of the Customs Duties (Dumping and Subsidies) Act, in respect of the dumping in Jamaica of certain Inorganic Fertilizers originating in, or exported from the Dominican Republic and finds that the goods under consideration have been dumped and that the dumping of these goods have caused and is likely to cause material injury to the domestic industry. Material injury to the domestic industry has been reflected in price suppression, negative volume effects and a decline in: market share, profit, return on investment, sales, productivity and wages, and output and capacity utilization.

Pursuant to Section 15 of the Customs Duties (Dumping and Subsidies) Act, the Commission has decided to impose a provisional duty in the amount of 22.09% on all goods that are of the same description as those to which the Affirmative Preliminary Determination applies. The duties will take effect from February 03, 2002 and will terminate on the date that the Commission: accepts an undertaking; suspends or terminates the investigation or makes a Final Determination.

The Commission has determined that the importer in Jamaica of the goods that are the subject of this investigation is Agri-Chemicals (Jamaica) Limited, of 9 Marescaux Road, Kingston 5, and the Exporter is Premium Fertilizer Limited (Dominican Republic), of Suite 4A Avenue Abraham Lincoln, ESQ, Jose Amado Soler, Santo Domingo, Dominican Republic.
